› SUPPLEMENTARY SOCIAL ACTIVITIES AND BENEFITS

The University of Münster's School of Business and Economics (SBE) is one of Germany's leading faculties in the area of business administration, economics and information systems. As a SBE Business Summer School student you get to enjoy a wide range of supplementary social activities. You will benefit from the exclusive business-related workshops and business company trips. Besides that, you get to know Münster and its student life by joining the events organized for you. The following events and activities are included in the program fee.

- › **SBE Welcome Week and kick-off reception**
- › **Supervision by SBE's International Relation Center**
- › **Assistance in the enrollment process**
- › **Intensive German language course**
- › **Guided city tour**
- › **Business company trip**
- › **Workshops of the Career Development Center**
- › **International Dinner**
- › **Career fair BusinessContacts – with over to 50 national and international employers on site**
- › **And much more ...**

At the end of your stay you will receive an SBE Transcript of Records, listing course titles and the ECTS total of the curriculum you completed in Münster. You will get a certificate for the Business Summer School as well.

› MÜNSTER

Owing to its many young people, its academic institutions, and its diverse and exciting cultural offerings, Münster has a unique atmosphere. Bicycles are the main means of transportation in Münster and contribute to its pleasant environment. Visitors enjoy travelling to Münster because of its historic city center, large open spaces, and numerous cozy cafés and bars.

Parks lend themselves to various activities, adding to the excellent quality of life in the Münster region. Lake Aasee – located next to the city center – is ideal for strolling, having a picnic, jogging, and sailing. Münster has a lot of cultural offers: its many museums, theaters, cinemas, pubs, and festivals ensure variety and entertainment.

Münster is only a short distance from the cultural sights in the Ruhr district, Cologne, and the Netherlands. Berlin, Hamburg, Amsterdam, the North Sea, and the Baltic Sea are just a three-hours' train ride away. Paris and London can be reached within 6 and 8 hours respectively.

› COURSES

GERMAN LANGUAGE INTENSIVE COURSE

A German language intensive class will provide an introduction to the German language and will teach you a basic vocabulary, e.g. how to introduce yourself to other people, ask for directions on a sightseeing tour, order a drink etc. Equipped with "survival" German skills, your stay will be further enhanced as you start to communicate with German students.

ACADEMIC COURSES

All courses open for the International Short Term Program are completely taught in English. A vast range of topics can be covered, e.g. by the following undergraduate-level courses*:

- › Rational Decision Making (6 ECTS)
- › Specialization in Finance (6 ECTS)
- › Marketing Operations (3 ECTS)
- › Retail Management (3 ECTS)
- › Business Cooperation: Management (6 ECTS)

Please check our course overview for further information and recent updates:
