Several Company  
Visits

**+**  
Complimentary  
Cultural Program

“Spending my summer in Germany enrolled in WHU’s European Summer Program is easily one of the highlights of my undergraduate studies! Through the program, I got to learn more about the business environment in Europe, as well as explored numerous sites that exposed me to cultural and historical aspects in Germany. I also met many great friends from diverse backgrounds who made the three weeks in Vallendar an unforgettable experience! I would definitely recommend this program to anyone who seeks to gain insights on cultural and social aspects of Germany.”

Abdul Fattah Salleh, National University of Singapore, Singapore
