

**Ignaz Kögler**  
**Research Summer Camp 2023**  
*September 24 - 29*  
*Catholic University*  
*of Eichstätt Ingolstadt*

**Apply for a scholarship now!**

Apply now with your research ideas for a scholarship and become part of the one-week research camp at the KU Eichstätt-Ingolstadt in the heart of Bavaria (Germany). For one week, we offer you the opportunity to discuss your ideas with internationally recognized experts and to develop them further.

You will learn how to promote yourself with a poster at scientific conferences. You can expand your network in science and practice. And you will learn how „Design Thinking“ as an innovation method can help you to get to the heart of your ideas.

**What is it about?**

The Research Summer Camp deals with current issues at the intersection of sustainability and digitalization. We are firmly convinced that a sustainable development of our society is only possible if we focus more strongly on about sustainable development and digital transformation together.

Focus topics of the camp include: Artificial Intelligence & Ethics, Climate Change & Big Data, Digitalization and Sustainability in Business or Sustainable Mobility.

**Who can apply?**

The Research Summer Camp is open to students of all disciplines and fields of study who are currently completing or have already completed their Master's degree.

**What does the scholarship cover?**

The scholarship covers the cost of travel, accommodation and meals.
