

WHU European Bachelor Summer Institute 2013

„The Business, Political and Cultural Environment in Europe“

June 2 – June 14, 2013

Imagine two weeks filled with great friends, new explorations,
and exceptional academics. That's WHU ESI BA.
Stephen Serrao, Carnegie Mellon University

Under the astute tutelage of such distinguished and esteemed faculty, the WHU summer institute affords one a great deal of business insight into the oft-overlooked economic sphere of the European Union.

Coupled with an extensive hands-on program - such as a visit to the European Central Bank, seat of the European economic system - there is absolutely no reason to pass up this opportunity!

Bryan Loke, National University of Singapore, Singapore
